

## Diamatic PCD grinding tools

Polycrystalline Diamond (PCD) is a very hard material and is abrasive resistant in all directions.

- ❖ PCD grinding tools are specially designed for the DIAMATIC hand grinders, single disc grinders and triple head grinding machines.
- ❖ The PCD split grinding wings and the wings with two times ¼ PCD are designed for our lighter grinding machines DIAMATIC 435WD, 535Pro and 580Pro.
- ❖ The PCD grinding wings with a whole PCD, are specially designed for our bigger grinding machines, DIAMATIC 735Pro and 780Pro.
- ❖ All our PCD tools can be used for the Removal of Egaline / Coatings / Epoxy floors / Triflex floors / Thermoplast / Top layer poured asphalt / Glue residues
